

JUNE 22

RAMBLE WEST

WEST 7TH WOOL

Roving Fibers next adventure is a short journey west to Fort Worth. Our destination is West 7th Wool, a charming shop featuring a lot of indie dyers and quality brands like Brooklyn Tweed and Woolfolk. Kim and Diana will be sharing their favorite short-row techniques, suggest which technique can be used with what type of project, and show how they can make your garments fit better or add style and flair to all types of projects.
